CURRICULUM

An author with an unusually extensive experience of world affairs

The Author - Juris Doctor

Jacques H Drapeau
Former Canadian Diplomat

The author's experience at age 84 is quite unique in quantity and quality for best comprehension of the complex world of today. He graduated at the **University of Ottawa** as a Juris Doctor lawyer with an additional certification in political sciences. He worked for 25 years around the world as a fulltime **Canadian career diplomat**. He then moved into a thoughtful early retirement to be hired by the **American Embassy** in Rome where he worked for 13 more years. This is where he also acquired his additional skills as a **Webmaster** while being **Database Administrator**. With these additional skills he now creates and writes for his own websites entirely by himself. He studied seriously **ten languages** and still speaks five very fluently. He got to know over **100 countries** on all continents except Oceania. He lived in countries of the extreme **Right**, like the **Chile of Pinochet**, of the extreme **Left**, like the **Soviet Union of Brezhnev**, and of the extreme "**Wild**", like the **Uganda of Idi Amin**. He is a **pianist** with a passion for **philosophy** since he was an adolescent, and for **Opera** since he became an adult living in Italy. He has a **Greek** wife who graduated as a psychologist, is a world expert artist painter on

fine porcelain, and is most cultivated in Greek philosophy and the history of classical fine arts. They have three university graduate children living in **England** (a daughter doctor specialized in Infectious Diseases), in **Canada** (a son mathematician), and in **Italy** (another daughter doctor dentist). From the people who know him well, Jacques is simply "**ZAK**". The above profile is at the source of this book on [DataAristarchy](#) (**Decentralized-All-Truth-All-Knowledge Aristarchy**).

BeLove

[DataAristarchy](#) intends to free us from our national and global enslavement in our current fake democracy through [30 cumulative reforms](#) implemented in 3 cumulative steps. These reforms are drastic, and may be considered a utopia by the elites enslaving us in our fake democracy. But if a political leader wins an election at full majority with these reforms as a fully binding electoral contract, even the most falsely utopic one, Reform 12, is implementable (governing without public debt by deleting all previous interests created without electoral consent, certainly so when their sum is bigger than the national income. Only the criminal central bank would justly suffer, while citizens would only enjoy corresponding benefits). In addition the other reforms would eliminate all the

main wars and their related corruption and macro-criminality, along with most of the worst micro-criminality affecting our society today. The first tool of the fans of this real and improved form of democracy would be the above "**STOP SECRECY**" movement in all aspects of public life, in all *Big-Money* affairs, and in all private affairs affecting seriously and unduly the public affairs.
