

Going from MAGA to MIGA, or to MEGA via a positive MAMA or a negative MABA?

This title means going from [MAGA](#) (Make America Great Again), to [MIGA](#) (Make Israel Great Again) or, as a better alternative, to [MEGA](#) (Make Ellas Great Again) via a [MAMA](#) (Make Adults Moral Again) with a better chance to avoid **Armageddon**. The word [ELLAS](#) in [MEGA](#) means what we call **GREECE** today, but as what it has been for humanity as [ELLAS](#) (its real name even today) in more ancient times when it invented democracy, philosophy, the Olympics and the rest of its uniquely beautiful [PHILOTIMO](#). Ever since, the [ELLAS](#) of the “**Idea Exchangers**” has been the main cultural opponent to the Jews, the infamous “**Money Changers**” that **Jesus** chased from the temple. The aim of the latter [FakeJEWS](#), still today, has been world domination via mainly usury, but also [MABA](#) (Make America Bedeveled Altogether) leading to a new [UZE](#) led from [JerUSAlem](#).

The first victory of **Trump** in the [USA](#) in 2016 was attempted by the [FastCABAL](#) elites to be the final step of the [MAGA](#) to [MIGA](#) transition. It failed because **Trump** was not yet fully obedient to the dominant Zionist component of the cabal: he did not start brand new wars, and did not do enough to eliminate the main obstacle to the [MIGA](#) transition, which would have been the destruction of **Russia** through maximum sanctions and a reinforced proxy war from **Ukraine**. So, **Trump** was denigrated and ousted out of power through the fake **Russia Collusion** scandal. To punish **Trump**, the [FastCABAL](#) stole the election of 2020 and put **Biden** in power. He was to be the senile obedient puppet of the cabal to arrive at a [MIGA](#) transition. But his efficiency was not strong enough. As an alternative, in 2024, the cabal fully corrupted the more popular **Trump** with over 100 million dollars, making him this time their better puppet for arriving at a [MIGA](#) transition. With this huge additional corruption, the cabal did not have to steal the election in 2024, as they had this time a more obedient puppet president candidate who was very popular for winning an election. **Trump** had finally become their best candidate for more easily achieving the [MIGA](#) transition. As such, as soon as elected, he nominated in all main positions of power only candidates who were fully Zionist in their approach to American and world geopolitics.

With **Trump-2** victory, the [MIGA](#) transition appeared to be more easily possible, as [MAGA](#) was fully [MIGA](#) in potential power. This meant **Trump** was forced to obey the Zionist orders for new wars intended to complete the [MIGA](#) transition, even if fought for the benefit of only **Israel**. This [MIGA](#) transition is likely to soon make **Trump** lose his popularity as the world is now mostly anti-**Israel** because of its genocidal war in **Gaza**, and its push to destroy **Iran**. But **Trump** main ideas indicate he secretly... wants [MIGA](#) as [MAMA](#) to save us [GOY](#) people. Will the cabal let him do it?

If [MIGA](#) fails, it could open the way to [MEGA](#) based on a [MAMA](#) revolution: the replacement of the globalist enslavement culture of the [FastCABAL](#) with one of liberty (from new more moral world leaders elected by citizens enlightened by **All-Truth-All-Knowledge**). Few **Trump non-pure-Zio** appointees (like Kennedy Jr, and Gabbard) could help usher a new era of [MEGA](#) supported by a new [MAMA](#). The [MEGA](#) could start a new era of [DataAristarchy](#) and [Pax Ellinica](#) by first replacing the [UN](#) with a [Datakun](#) (**Decentralized-All-Truth-All-Knowledge** United Nations) in **Athens** instead of a new [UNN](#) era of even harsher [Pax Judaica](#) by [FakeJEWS](#) based in [JerUSAlem](#) where [MIGA](#) wants its new [World Capital](#) for a dictatorial **One-World-Government**. In any case, the best military experts confirm the following 3 points: 1) **Russia** and **Iran** (with **China** as an ally), are unbeatable by **America** and **Israel** in a conventional soldier war; 2) [MAGA](#) and/or [MIGA](#) without [MAMA](#), will likely lead to a nuclear **WWIII** in which **Israel** and its Zionist current colony **Jewmerica** would first get fully destroyed (with most of **Europe**), while **Russia** and **Iran** would be much less damaged survivors; 3) Avoiding [MIGA](#), and having a strong [MAMA](#), with or without [MAGA](#), through [DataAristarchy](#) would most likely lead rapidly to a beautiful new era of [Pax Ellinica](#) for the best possible good of all people. But this last alternative may require a [MABA](#) to start with, for which **Trump** could well be an unexpected precursor puppet of the [FastCABAL](#).
